

COMMEMORATIVE POSTAL STATIONERY CARDS

The Hungarian Post Office decided to issue a series of 30 commemorative postal stationery cards with both 2 *kr* (inland) and 5*kr* (foreign rate) indicia. These were issued in stages during the year and were available from most post offices. The first to be issued had drawings of the Exhibition, but later ones had views of Budapest, other Hungarian towns and historical events. Two additional inland cards were issued with a bilingual heading for Croat-speaking areas. Four designers and three printing houses were involved. Three of the designs concerning the Exhibition are shown here.
